

The First Choice of Pavement Pros

F601V & F601X

At only 71 (F601X) and 76 (F601V) pounds, these units are two of the lightest in their class making them a breeze to roll on the job. Ideal for driveways and small lots, they cost little more than a backpack, but are 2.3 times more powerful, so you'll get your work done faster with less fatigue. (Optional forward discharge: Part No. 441130.)

Features

- 205cc (Vanguard®); 208cc (Briggs & Stratton®) commercial engine
- 16-blade fan
- 3-year limited engine warranty†

Air volume = 2.3x backpacks*

F1002V, F1002SPV & F902H

Step up to the commercial clean up power of a 305cc (Vanguard®) or 262cc (Honda®) blower. This unit is ideal for medium-sized pavement maintenance contractors. The optional trailer lock down kit (Part No. 440120) and parking brake (Part No. 440140) are valuable time savers when loading and on hills. The optional Caster Kit (Part No. 440293) improves maneuverability in tight spaces.

Features

- 305cc (Vanguard®); 262cc (Honda®) commercial engine
- 16-blade fan
- 3-year limited engine warranty†
- 5-year limited housing warranty†
- Self-propelled option

Air volume = 3.8x backpacks*

F1302H & F1302SPH

393cc of professional productivity, this unit is ideal for full-sized seal coaters where productivity is key. Thick, padded ergonomic handles, pneumatic wheels and low dBA make it a crew favorite. The optional trailer lock down kit (Part No. 440120) and parking brake (Part No. 440140) are valuable time savers when loading and on hills. The optional Caster Kit (Part No. 440293) improves maneuverability in tight spaces.

Features

- 393cc commercial engine
- 16-blade fan
- 3-year limited engine warranty†
- 5-year limited housing warranty†
- Self-propelled option

Air volume = 6.2x backpacks*

GZ401H

The Grazor® rips through ragged cracks and crevices at a rate of 5 feet every 15 seconds. Its rugged design and balanced platform are specifically engineered for the demands of the pavement industry. The pulley ratio is optimized for maximum cutting torque without belt slippage or premature sheave wear.

Features

- 6-position height adjustment
- 8" steel wire brush
- Remote brush declutch
- 3-year limited engine warranty†

When it comes to professional surface prep, Billy Goat blowers and Grazors are the first choice of pavement professionals for clearing the widest debris path, efficient crack cleaning, removing standing water, and drying work surfaces!

Grazor® Features/Benefits

Remote Brush Declutch
Allows smooth transfer of power to the brush for the ultimate in control and safety.

Heavy Duty Swivel Caster
360 degree of rotation and bolted on all 4 corners for added strength. Includes zerklubrication.

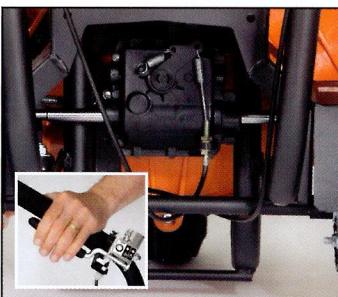

Wide, stable wheel base
Heavy-duty 8" semi-pneumatic tires improve stability and maneuverability on any hard surface.

8" Steel Wire Brush
Specifically designed to sweep through crevices for better prepared crack edges. (Part No. 600172)

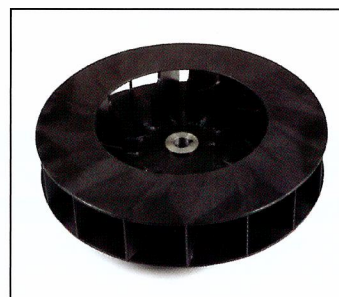

Force® II Features/Benefits

SELF-PROPELLED The The 305cc Vanguard®, 393cc Honda® and 570cc Vanguard® engines have self-propelled options to increase productivity.

Aim N Shoot™ Patented swiveling nozzle directs airflow where you need it most, with fingertip control. Lockable in three positions.

IMPROVED FAN TECHNOLOGY Features a single shot 16 blade, closed face fan – twice as many blades as most competitors.

FORWARD DISCHARGE
Soft rubber design is easy to install and is perfect for cleaning along walls and curbs. (Optional kit on F601V & F601X models. Part No. 441130.)
