POUR POTS—HAND HELD

POUR POT WITH LEGS

Description

- 2.6 gallon capacity
- 7/8" ball-to-taper seat valve
- Nozzle reduced to 3/8" NPT

Product #
CP-3

POUR POT WITHOUT LEGS

Description

- 2.6 gallon capacity
- 7/8" ball-to-taper seat valve
- Nozzle reduced to 3/8" NPT

Product #
CP-3A

Pour Pot on Wheels

Description

- 2.6 gallon capacity
- 7/8" ball-to-taper seat valve
- Nozzle reduced to 3/8" NPT
- 2 1/2" diameter silicone squeegee
- 6" diameter steel disc wheels

Product #
CP-3W

Replacement Parts

Description

Silicone Squeegee

- 1/4" thick x 1-14" tall x 2 1/2" I.D. replacement blade

Product #
CP-SS

Squeegee Nozzle Kit

Description

- (1) 2 1/2" diameter steel sleeve with a 3/8" NPT adapter
- (1) 2 1/2" I.D. silicone squeegee
- 3" hose clamp

Product #
CP-SN3

Wheel Set

- (2) 6" diameter steel disk wheels with 1/2" I.D. X 1 1/2" hub

CP-W6-3

Axel Set

- (1) 13" axle
- 2 hitch pins
- (4) 1/2" washers

CP-AK-3

BANDING MACHINE

Description

- 4 gallon capacity
- 3" wide x 1/8" adjustable screed
- 6" diameter steel disc wheel

Product #
CP-4D

Replacement Parts

Description

Wheel Set

- (2) 6" diameter steel disk wheels with 1/2" I.D. x 2" hub

Product #
CP-W6-4

Axle Set

Description

- (1) 11 1/2" axle
- (4) 1/2" washers
- (2) hitch pins

Product #

& “U” squeegees

CSRH-4

“V” OR “U” STYLE, CRACK SQUEEGEES

Heavy Duty

- REVERSIBLE, push/pull style

	Description		Product #
	• “V” style Crack squeegee, 220° Buna rubber		HDRV-BUNA
	• “U” style Crack squeegee, 220° Buna rubber		HDUS-BUNA
Replacement Parts			
Mounting Kit	Description	Product #	Description
	• Mounts both style crack squeegees heads to all AL-6H, 7H, or 9H	CSAH-6	• Style replacement blade • 1/4" x 3" x 12" • 220°
Buna “U”	• Style replacement blade • 1/4" x3" x 18" • 220°	HDUS-BK	• 1 1/4" O.D., • Powder coated yellow
		6 ft. Aluminum Handle	AL-6H

CRACK HOES

	Standard	Product # CH-4
	Heavy Duty	Product # CH-5

FOAM BEDDING APPLICATOR

	Description	Product #
	• 1 1/4" x 4" diameter polyethylene disc wheel • 1/2" deep flexible disc pushing under surface • 42" aluminum handle	BMA-4

ASPHALT DEPTH GAUGE

* This well designed measuring instrument is a light weight (1lb) 1/2" diameter x 36" long aluminum tube body with a 3/4" x 5" long aluminum handle. It's 2" diameter base holds a 6" x 1/4" plated steel plunger, and uses a thumb screw to adjust and lock.

Description	Product #
• 36" O.A.L. • 2" Diameter base • 1/4" x 6" plated steel plunger	ADG-2000

Replacement Parts

Plunger	Description	Product #
	• 1/4" x6" plated steel plunger	ADG-6P

ASPHALT HAND TAMPERS

Description

- 8" square **Steel** Base, 12 lbs.
- 1 1/2" x 42" hardwood handle

Product #
AT-428

Description

- 8" square Cast **Aluminum** Base, 8 lbs.
- 48" pipe handle, 3/4" Black Iron Pipe

Product #
AT-528

Description

- All Steel Construction
- 8" square x 1/4" Steel Plate Base, 13 lbs.
- 52" pipe handle, 1" Black Iron Pipe

Product #
AT-5208S

- All Steel Construction
- 10" square x 1/4" Steel Plate Base, 17 lbs.
- 52" pipe handle, 1" Black Iron Pipe

AT-5210S

PAVEMENT SCRAPERS

Description

- 10" Stainless Steel blade with knife edge
- 1 1/8" x 5 ft. steel tube handle

Product #
ASC-510

Description

- 14" flexible Spring Steel blade
- 1 1/8" x 5 ft. steel tube handle

Product #
ASC-514

PARKING LOT PROTRACTOR

*Fast and Accurate Layouts

*Quick and Easy angles

Description

- 7' - 5" open length

Product

PP-180-4

Instructions for use:

- 1) Open Parking Lot Protractor to desired angle from curb, wall, etc. With finger nut, tighten protractor in place.
- 2) Lay Parking Lot Protractor on the parking lot (at your first stripe mark) with one side against the curb, etc.
- 3) With a piece of chalk, make two marks along the exposed edge of the protractor on the surface to be striped
- 4) With a chalk line, pop a line over the two marks giving your desired angle

BH-6

- Uses handle (AL-6H) with AL-BRAK mounting
- Complete with handle, mounting base, & hardware

- * Brushcoaters

STENCIL INFORMATION

There are many grades of plastic in our industry. Our stock stencils are produced from the best grade of polyethylene plastic you can use for a stencil. Other products not manufactured with this superior grade of polyethylene plastic will not give you the same lasting service as ours. Polyethylene plastic is made for easy maintenance. The non-porous, slick surface allows the dried paint build-up to simply flake off after drying when properly taken care of. Stencils are best stored flat and in moderate temperature when not in use.

* All of our stencils are designed around D.O.T. specifications whenever applicable. We can comply with variations in Municipal, State, or Private specifications when provided with details.

We also have the ability to produce stencils in:

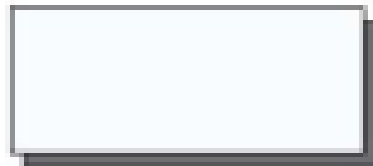

- Aluminum
- Steel

*We have more variety of stencils that are not shown in the catalog. To find out more call us!

PAVEMENT TOOL PLASTIC STENCIL MATERIAL

S-0001 D/M
4' X 8' LDPE Plastic Sheet

S-0002 D/M
4' X 10' LDPE Plastic Sheet

Our 2 types of plastic are:

- **MAXILAST:** 1/8" (.125 mil.) thick
- **DUROLAST:** 1/16" (.060 mil.) thick

STENCILOCS

This system is developed to easily interlock our plastic stencils. We have designed them to connect along the top and bottom to allow a temporary or permanent (with plastic adhesive) assembly of any multiple piece plastic stencil kit or symbol. This design makes handling multi-piece stencils much easier

WORDING & INDIVIDUAL CHARACTER STENCILS

All of our Characters are a standard GOTHIC BLOCK style/font, but we are also capable of producing letters, numbers, or words in over 500 different styles or fonts and in other languages if needed. All Styles and fonts are generated and stored on computer files for future recall and production. All wording stencils from 24" to 96" in height are designed around D.O.T. specifications and are designed to be read at a 22 degree angle. Please note these are our stock sizes listed. Anything not listed is considered custom.

Paper World Map

20' Tall x 36' Wide

BUSINESS/HOME IMPROVEMENT AND DECORATION KITS

****Business/Home Improvement & Decorative Stencil Kits are designed to be used with most skid resistant and concrete stain products. They will produce beautiful and lasting imitation **Brick, Tile, Cobble, or Natural Stone** designs on unattractive surfaces (driveways, sidewalks, decks, steps, etc.). These can be used at a place of business, home, health, club, sports facility, retirement center, swimming pool, or anywhere cosmetics, resurfacing, and safety may be a problem. Most skid resistant products used in this process can be sprayed using a commercial grade hopper gun.**

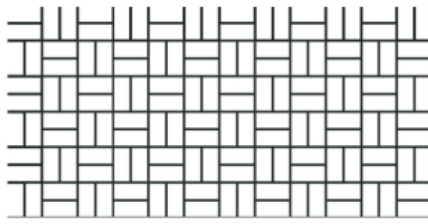

****Kits are engineered to butt together or overlap forming continuous patterns. Kits include: (4) 4' x 8' sheets, exception: S-5725 and S-5760. +/- 128 sq. ft. coverage. All patterns have an average 1/2" grout.**

S-5710 D/M

Traditional Brick

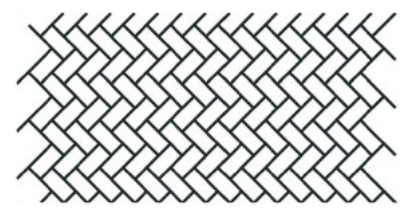

Regular brick size: 3 1/2" x 7 1/2"
(sq. ft. 128)
